

M'KINLEY'S VOTE WILL REACH 289

Kentucky and Nebraska Are Still Wavering in the Balance.

IDAHO IS FOR BRYAN

Republican Pluralities in the New England States Materially Reduced.

SOME OF THE BIG SURPRISES

Boise, Idaho, Nov. 8.—The republicans concede the state to Bryan including the entire fusion ticket with congressmen. Dubois for senator will have a clear fusion majority in the legislature.

Bryan Claims Nebraska.

Chicago, Nov. 8.—The democratic and republican headquarters are being deserted and before the week is out will be closed. A telegram received at headquarters from Bryan this morning says he has reasons to believe that Nebraska has gone democratic by two thousand. The state ticket he says ran from four to five thousand ahead of him. The legislature is safely fusion. At republican headquarters, however, they still claim that Nebraska is republican.

McKinley 289, Bryan 158.

Washington, Nov. 8.—Later returns indicate that the electoral vote will stand 289 for McKinley and 158 for Bryan. McKinley's plurality on the popular vote will be increased about 719,000 against 602,109 in 1896.

Counting Out Yerkes.

Louisville, Ky., Nov. 8.—The democrats this morning claim a plurality of four thousand for Beckham while the republicans say that Yerkes wins by fourteen hundred. It is generally believed that Beckham will win as the counties to be heard from don't promise much for the republicans. Republicans allege that Yerkes is being counted out.

At noon the republican headquarters had the appearance of abandonment of any hope of showing a majority for Yerkes and the campaign committee is now charging fraud. The democrats say Beckham will have five thousand plurality.

Democratic Gain in Bay State.

Boston, Nov. 8.—The revised vote of this state shows a republican loss of 14 per cent. and a democratic gain of forty-eight per cent. Bryan is thirty-five thousand ahead of the state ticket.

Lentz Is Re-elected.

Columbus, Nov. 8.—The republicans plurality in Ohio hovers around seventy thousand, the largest ever given in a presidential year. The republicans claim a gain of two congressmen. John R. Lentz, McKinley's bitter opponent is re-elected.

End of Filipino War is Near.

Paris, Nov. 8.—Agoncillo today said the result of the election in the United States was not a material disappointment to him. Imperialism is clearly unpopular in the States despite the vote and the administration will be convinced of the necessity of ending the war which can only be done by granting the Filipinos independence. Agoncillo said he would not be surprised to hear of the cessation of hostilities on the islands within the next two months.

Very Close in Minnesota.

St. Paul, Nov. 8.—Both parties in Minnesota this morning claim the election of governor. On the face of the returns so far received Lind (dem) has a slight lead, but later figures from the northern part of the state

are bearing out the republican claims that Van Sant will win by a small margin. Gorman is in no hurry.

Washington, Nov. 8.—Senator Gorman said today that it was too late to talk about the reorganization of the democratic party. The defeat was so overwhelming that it must have time to recover breath. He supposed Bryan now would retire for the present.

Bryan Congratulates McKinley. Lincoln, Nov. 8.—Bryan telegraphed McKinley at noon: "At the close of another presidential campaign its my lot to congratulate you upon your second victory."

McKinley Will Have 289.

Chicago, Nov. 8.—According to the latest returns at noon McKinley will have 289 votes in the electoral college, or twenty-one more than he got in the great landslide of 1896.

Kentucky Still in Doubt.

This is conceding to the democrats the thirteen electoral votes of Kentucky, which are claimed by both parties, which the chances perhaps slightly in favor of Bryan who ran ahead of Beckham, the democratic candidate for governor, and still retaining in the republican column Nebraska, where the fusionists have not relinquished the hope that belated returns from the interior of the state may turn the tide in their favor. Republicans have no apprehension, however, of the result.

Idaho for Bryan.

Advices from Idaho this morning were that Bryan had carried that state.

Bryan Gets Seventeen States.

Thus it will be seen that Bryan has succeeded in carrying 17 states out of the forty-five, making a new record in the presidential elections.

Thirteen of these come from the old "solid south." The other three are Colorado, Montana and Nevada—free silver states.

Maryland and West Virginia, as in 1896, broke the solid south, and gave increased pluralities for the republican ticket.

New England States.

The republican pluralities in New England are materially reduced from 1896. This is due partly to the anti-imperialist propaganda and partly to the apathy arising from the conviction that New England was sure to vote solidly for McKinley and Roosevelt.

Some of the Surprises.

It is perhaps difficult for the democrats to say where they have experienced the greatest surprises—in the East or the West. New York had been fully counted upon by them as being for Bryan but it is found to be safely in the McKinley column with about 150,000 votes to spare. Greater New York, including New York City, the supposed stronghold of the democracy, which was depended upon to offset the republican majority in the state, proved a disappointment Bryan's plurality being less than 30,000.

Western states like California, South Dakota, Utah, and Idaho, which were thought to be without doubt for Bryan, gave good republican majorities.

PAYING ELECTION BETS IN GOTHAM

Louis Wormser Won \$125,000 on McKinley—Croker Lost About \$75,000—\$2,000,000 Changed Hands.

New York, Nov. 8.—Election bets were paid off in Wall street today and it is estimated that two millions changed hands in the financial district alone. It is believed that as much more was deposited in the hotels and saloons. The largest individual winner is Louis Wormser of one hundred and twenty-five thousand dollars to win which he risked three hundred thousand. Richard Croker's loss is estimated at seventy-five thousand of which Wormser got forty. Frederick Brooks, the broker, lost forty-five thousand dollars.

Mrs. Elmer F. Maine is home from a six weeks' visit with friends in Kankakee, Ill. Mrs. Lydia F. Robinson returned home with her and will visit in this city for a short time.

SPLENDID MAJORITY IN BADGER STATE

LATEST RETURNS KEEP M'KINLEY'S LEAD OVER 100,000.

Figures Indicate That La Follette Ran Even with the Presidential Ticket in Nearly Every Part of the State—The Republicans Put Their Vote in Straight.

Milwaukee, Wis., Nov. 8.—The returns from the farming districts in Wisconsin are coming in slowly. However enough are in to make it certain that McKinley will have a plurality of over 100,000, and that La Follette will have practically the same plurality. The result shows that the gold democratic vote in the state went almost entirely to the republicans. The democrats have carried only four counties Calumet, Ozaukee, Jefferson and Dodge, which were strongly democratic, but which have been in the republican column for six years, have gone back into the democratic ranks by much smaller majorities than formerly.

Chairman Bryant is Pleased.

Chairman Bryant of the republican central committee today gave out the following statement: "From the reports received at our headquarters I am of the opinion that McKinley and La Follette will carry Wisconsin by 100,000. We will also elect ten congressmen and carry all except four counties."

Democrats Try to Explain.

Chairman Warden of the democratic state committee issued a long explanatory statement, a part of which follows:

"The result of yesterday's election, in its stupendous majorities for the republicans, is a great surprise to everybody, republicans no less than democrats. The great mass of voters seem to have been satisfied with the present conditions and unawed by the menacing dangers of the McKinley administration. What the outcome means remains to be seen.

"Four years hence the policy of the republican party will have been more fully demonstrated, and the result may be patiently awaited. Wisconsin apparently has been no worse deluded than many other more prominent states, and the party may well congratulate itself that the verdict against it is not more pronounced."

Republicans Gain Legislators.

Instead of losing any members of the legislature as the early returns last night indicated the republicans have made a gain. In the senate there will be two democrats and thirty-nine republicans, while the assembly will be composed of eighty-eight republicans and twelve democrats, a gain of seven for the republicans.

The Vote for Governor.

The vote for governor does not appear to differ appreciably from that for president. In some places La Follette leads McKinley. In others he runs slightly behind. Even in Oshkosh where it was said that the republican candidate for governor would be largely out he is only about 125 behind McKinley. There is no doubt that Mr. La Follette's energetic campaign in almost every part of the state did a great deal to arouse interest bring out the vote and increase republican majorities everywhere. No candidate for governor ever met so many people in Wisconsin in a political campaign. None was personally known to so many. None, by his personal character, his steadfastness and his ability, has inspired greater respect and greater popular affection. His candidacy stood for the betterment of political conditions. It stood for principles which appealed to the people, and they had confidence in his political and personal honesty.

SNOW FALLS IN NORTHWEST.

Michigan Also Reports the Season's First Heavy Freeze.

Benton Harbor, Mich., Nov. 8.—The first snowstorm of the season came yesterday. The first heavy freeze of the season came last night.

Plainfield, Wis., Nov. 8.—A snowstorm prevailed furiously several hours yesterday. Two inches of snow fell.

Hurley, Wis., Nov. 8.—Snow fell here, and is now two inches deep.

New Richmond, Wis., Nov. 8.—A genuine blizzard is raging. The wind is blowing a gale from the northwest and it is very cold. The temperature is falling rapidly. The ground is covered with snow.

CIGARMAKERS GO TO WORK.

Strike Which Was Started Nine Months Ago Is Declared Off.

New York, Nov. 8.—The long strike of the cigarmakers, which started nine months ago, in Kerbs, Wertheim & Schiffer's factories, and involved 12 other large firms has been declared at an end. The cigarmakers who struck in the factories of Harburger, Homán & Co., Powell & Smith, and Hirschhorn & Mack, 1,500 in number, have declared their strikes off, unconditionally, and have returned to work on the old terms against which they struck.

NEW LIFE PUT IN WORLD OF MONEY

EUROPE REJOICES OVER THE ELECTION OF M'KINLEY.

Bimetallism is Dead—Governor of the Bank of England Says It Is Guarantee of World's Peace—American Stocks Go Up—Kruger Only is Disappointed—Signs of Prosperity

London, Nov. 8.—Practically the entire British nation rejoices over the re-election of President McKinley. Lively trading in American securities was a feature of the London stock exchange today, and buoyant activity accompanied high prices.

Samuel Stewart Gladstone, governor of the bank of England in an interview said:

"Mr. McKinley's re-election is hailed with the utmost gratification in the British financial world. Bryan's triumph would have filled us with consternation. The United States has now four years more of unimpeded progress ahead."

Mutual Benefit to Business.

Lord Revelstoke, chief partner in the firm of Baring Bros., said: "With our many friends on both sides of the Atlantic we rejoice in the re-election of President McKinley. His success will react beneficially on business here and in the United States."

Politicians say that America may now be expected to persevere in its policy of benevolent neutrality toward Great Britain. Some of these persons who think that expediency is the whole spring of activity in Washington predict, since the work of getting himself re-elected is now finished, Mr. McKinley will stiffen the American policy in China.

Germany is Satisfied.

Berlin, Nov. 8.—Newspapers of all shades here join in expressing satisfaction over President McKinley's election except the Tages Zeitung, which is friendly to free silver. All of them emphasize the necessity of Germany keeping on friendly terms with the great republic.

This significant unanimity among the journals seems to be due to official inspiration. They agree however that America's imperial policy constitutes a grave danger to the United States.

Hurts Kruger's Cause.

The Hague, November 8.—The re-election of President McKinley, which was expected here has caused considerable enthusiasm. A number of Holland bankers had large sums at stake in American investments and naturally feel relieved. The result however has caused most Dutchmen to give up the vague hope which they still cherished that the United States might be prevailed upon to intervene between Great Britain and the Transvaal.

NEWS HAS EFFECT ON THE FILIPINOS

Reports Reach Washington That the Insurgents May Now Stop the Rebellion.

Washington, D. C., Nov. 8.—President McKinley's re-election by such decisive majorities has resulted in pushing forward questions relating to the Philippine islands.

When the re-election of the president became certain last night Secretary Root called the fact to General MacArthur, who circulated it by wire throughout the islands.

A dispatch received from General MacArthur says that the news had an excellent effect upon the Filipinos, and Gen. MacArthur expressed the belief that the decision of the American people to hold the Philippines, as expressed at the polls, would materially aid the military in suppressing the insurrection.

BRYAN MAY MAKE HIS HOME IN TEXAS

There is Some Talk at Austin of Offering Him a Chair in the State University.

Houston, Tex., Nov. 8.—It is said here that Bryan will make his home in Austin. The health of his children improved in the Texas climate last year and it said that in case of defeat that he would change his home to Texas. There is talk of offering him a chair in the state university.

DOES NOT WANT TO BE PRESIDENT

Hanna Says He Would not Consider the Matter for a Single Moment.

Cleveland, O., Nov. 8.—With a positive statement that he will not allow himself to be a candidate for the presidency in 1904 the Hanna boom has been formally launched. One week ago last night Col. D. B. Henderson, speaker of the house of representatives, addressed a republican meeting in Cleveland. He

was at that night dined at the Union club. There were present sixteen men of prominence in local and national clubs. Several names for president were mentioned when Henderson finally said:

"Gentlemen, there is an orator from your district who is at present attracting attention in the northwest. You are liable to hear from him in the future. I refer to Senator Hanna. It is a fact that his name has been linked many times of late with the presidency of 1904. About the Chicago headquarters and at the New York headquarters considerable has been said in regard to this."

Senator Hanna was today asked for a statement as to the next republican nomination and his chances for it. He said:

"I don't want to be president of the United States. I have no desire to experience the trials and worry that are the president's lot. I have had all of them that I want. No matter what my friends may do or say, will not be considered a candidate for a moment."

WORKING ON MESSAGE TO COMING CONGRESS

Mr. and Mrs. McKinley Reach Washington This Morning in Good Health and Spirits.

Washington, Nov. 8.—President and Mrs. McKinley reached Washington at 8:15 this morning in excellent spirits. They were driven immediately to the White House. As soon as the president reads an immense pile of letters and attends to routine business he will complete his message to congress which already is in skeleton form. He will probably be ten days compiling it. His emphatic endorsement will doubtless cause the president to approach the question of the Philippines and China in a firmer tone than he would have done had the result of the election been different.

NEENAH MAN WON HIS BET AND BRIDE

Miss Dora E. Phillips of Oakfield Wedded Herself on Bryan and Lost—She Pays Gracefully.

Neenah, Wis., Nov. 8.—McKinley's re-election will disclose many freak wagers no doubt and Neenah is in line there. Tuesday night a stranger listened at the local republican headquarters to the returns with almost breathless suspense. When the reports had reached that point where McKinley's re-election was a certainty, he shouted and bolted for the street. He next showed up in a justice office and was married. The man was Emmet R. Windle of North Forks, N. D., and the woman of his choice was Miss Dora E. Phillips of Oakfield. The ceremony was the outcome of the agreement of the young woman to marry him in case that McKinley was re-elected.

DR. F. M. CONFER DIES AT MONROE

Held High Rank as a Physician and Surgeon and was Well Known in This Section.

Monroe, Wis., Nov. 8.—Dr. F. M. Confer of this city died yesterday afternoon. He was ill two weeks, having typhoid fever, and pneumonia set in Tuesday. He held high rank as a physician and surgeon, and was well known throughout Southern Wisconsin. He was a member of the State Medical society and the Central Wisconsin Medical society. He was forty six years of age and is survived by a wife and three children. He will be buried with Masonic honors on Friday afternoon.

PARAMOUNTING IN POLITICS DOES NOT PAY

The People Make the Issues—Senator John C. Spooner on Election Results.

Milwaukee Nov. 8.—Senator John C. Spooner interviewed here on the result of the election said:

"The result of the election means that the people decide for themselves what are the paramount issues in a campaign and that they will not permit their attention to be drawn from them by manufactured and fictitious ones."

"It means that the conservative armies of the United States, including the business man, the farmer, and the thoughtful laboring man, will govern the United States and determine its policies."

"It means that the people will not tolerate or support the free and unlimited coinage of silver as proposed, or any radical experiment with our monetary system."

"It means that the people are not willing to exchange existing conditions, to exchange confidence for mis-

FULL DINNER PAIL DID THE BUSINESS

Bryan Believes That the Prosperity Argument Caused His Defeat.

BLAMES HIS LEADERS

He is Said to Be Likely to Become a Candidate Again in 1904.

CHANCES FOR U. S. SENATE

Lincoln, Neb., Nov. 8.—Outside of a general statement on the result of the election Bryan still refuses to talk for publication. But a close friend who may or may not be authorized to speak for the Nebraskan says:

"Bryan was actually dazed by the blow that he received at the polls. He was totally unprepared for what happened. The colonel will take his time about analyzing the figures and will then place the blame where he thinks it belongs. At this moment he is inclined to blame the democratic leaders in the doubtful states. They made pledges and held out false probabilities to him."

"Bryan does not feel that his silver views lost him many votes?"

"No. A large increase in the democratic vote in the eastern states convince him of this fact. Bryan is just as strong an advocate of silver today as he ever was. He thinks the failure of the Kansas City convention to accept Towne and the attempted silver straddle is responsible for the fusion losses in the West."

"Will Bryan be candidate in 1904?"

"It is too early to talk about that but I believe that he will be. The platform of 1904 will be shaped principally upon the issues of the next four years. You will find Bryan in the front rank making democratic history all this time. If he goes to the senate he will be in a position to lead the party, and I believe that the fusionists who will be in control of the legislature will send him. Bryan does not like McKinley and would be in a position to lambaste the administration."

"What does Bryan think caused his defeat on Tuesday?"

"The dinner pail arguments and the usual coercion methods."

CLUB WOMEN ARE AT RACINE TODAY

Fourth Annual Convention of the Wisconsin State Federation of Women's Clubs is in Session.

Racine, Wis., Nov. 8.—The fourth annual convention of the Wisconsin State Federation of Women's clubs opened in this city yesterday morning, delegates from all the principal cities of the state being in attendance. The convention was called to order by the president, Mrs. Arthur C. Neville, and the address of welcome delivered by Mrs. William H. Crosby, president of the local organization. The rest of the morning was devoted to the reports of the various secretaries.

Last evening a musical was given at Guild Hall and hundreds were unable to gain admission. Every train brings visitors and the city is crowded, the hotels being unable to care for all. Private residences have been thrown open for the entertainment of delegates. The convention will close tomorrow.

TRADE BOOMS AS A RESULT OF ELECTION

Conditional Orders on Bryan's Defeat Are Sent Out—Rush to Buy Stocks

Chicago, Nov. 8.—William McKinley's re-election to the presidency of the United States brought about a change in business conditions which was very noticeable yesterday and which the business men say will be much more marked with every succeeding day until the record of the coming four years of progressive prosperity shall have eclipsed the record of the past four years.

Stocks were bought in great quantities yesterday by men who have been holding tight their money; goods of all kinds were shipped from Chicago to country merchants who had made their orders subject to McKinley's re-election; commercial travelers in large numbers were sent out of the city in large numbers in the confident expectation of plenty of trade,

and the bankers of the city were consulted frequently by men who wanted funds to promote enterprises which they had been holding in abeyance.

From all parts of the United States telegrams announced the preparation for new industrial enterprises the enlargement of factories, increases in the number of employees, the projection of new railroads and orders for the building of new freight ships.

Business men predict an increase of foreign trade, an increase of European investments in this country, and steady and uninterrupted growth of all forms of business enterprises, and an area which would see, before its end, the United States firmly established in that place among the foremost nations of the world which it has gained during the last few years.

discouraged and enter into their work
with renewed earnestness. The Badgers'
ambition now is to administer such a
decisive defeat to the Chicago team a
week from next Saturday and follow it
up with such a large score against Illinois
on Thanksgiving day as will make the
defeat at the hands of Minnesota by a
single point sink into insignificance.The team will line up against the
Notre Dame University eleven, which
has been instructed in the fine points of
the game by Wisconsin's greatest kicker,
Pat O'Dea. The fact that Pat coached
this team gives added interest to the
game and a large crowd is expected to
attend.The freshman football team is taking
daily practice under Coach Kilpatrick,
with some coaching by Phil King. The
freshmen will play the Illinois freshman
team at Champaign, Ill., on Thanksgiv-
ing.Deer Hunters Are Out.
A party of a dozen local sportsmen
left on the midnight vestibule Tuesday
night for the northern part of the state,
where in the next few days they expect
to make things lively among the large
game of that region. Dr. George G.
Chittenden, Dr. Eddy and the two Doc-
tors Powell were members of the crowd.
The guns and ammunition carried by the
party would stock a small arsenal. If it
were not for the restrictions of the Wis-
consin game law it would be safe, judg-
ing from what these hunters said they
would do, to expect a glut in the veni-
son and bear steak market within the
next two days.Defied the Challengers.
As had been expected, the democratic
workers challenged the republican stu-
dent voters. This kept no votes out of
the box, however, for the republicans
were ready to take the statutory oath,
thus compelling the election board to
receive the vote. About noon the offi-
cers of the Students' Republican club
learned that the democratic managers
had circulated Bryan buttons of a pecu-
liar pattern among the democratic stu-
dents and all wearers of this button were
passed by without challenge. To avoid
the delay of the challenge and oath tak-
ing the republican voters wore this but-
ton in the afternoon and under its talis-
manic influence cast their ballots undis-
turbed.LADIES SERVE A
POPULAR SUPPERA popular supper was served last
evening by the ladies of the St. John's
German Lutheran church in the vacant
store at the corner of West Milwaukee
and River streets. From 5 o'clock in
the afternoon to 7 in the evening the
ladies were kept busy waiting on their
numerous customers. It was a very
successful affair and the ladies are think-
ing of giving another supper in the near
future. During the evening a handsome
bed quilt was raffled off, the lucky num-
ber 392 being held by Miss Letta Feind.
The raffia was followed by a sale of fancy
work. The ladies of this church are very
successful in carrying out affairs of this
kind.

PORTRAITS OF JUDGES

The committee consisting of E. D.
McGowan and A. A. Jackson, appointed
by the Rock County Bar association last
spring to secure oil portraits of all the
judges of the circuit court, have just re-
ceived a handsome portrait of the late
Judge John M. Keep and also one of
Judge Noggle. The portrait of Judge
Noggle was presented by his daughter,
Mrs. C. C. Williams.A fine portrait of the late Judge Ben-
nett was presented to the association
some time ago by his daughters, the
Misses Kittie and Minnie Bennett. A
crayon portrait of himself has been pre-
sented by Judge Lyon, who was ap-
pointed chief justice of the supreme
court from this circuit. The committee
are endeavoring to obtain portraits of
Judges E. W. Whiton, Spooner, Baker,
Doolittle and Conger.

gleeful voices of Janesville yesterday
when the large feathery flakes drifted
about in the air to be converted into
water the minute that they touch-
ed the pavement. It was a light
snow that generally mixed with rain
and sleet, the combination forming a
disagreeable combination under foot,
but it was the first of the season.A peculiar coincidence with regard
to yesterday's weather is that exactly
on the same day following McKinley's
election in 1896 there was a snow of
a similar nature, and on the second
day after his election the snow was
two inches deep.Yesterday was also the coldest day
this section has experienced since last
winter, and brought with it the first
ice of the season. Thin surfaces of
water exposed to the morning air were
frozen. Yesterday's weather was a
continuation of the disagreeable spell
that made its unheralded arrival on
election day. It came as an unwelcome
substitute for the fair skies and deli-
ghtful temperature promised by the
weather forecaster.Prof. Cox of the weather bureau in
Chicago says: "It was one of those
freaks of atmospheric conditions that
a person can tell nothing about. Such
a spell of weather was entirely un-
expected, and was not indicated on the
weather chart of Monday night.""Thou changest not—yet, I am al-

Ties to Short a Conductor.

Chicago, Nov. 8.—W. M. Flint, a hog
doctor from Iowa, is under arrest at
the Desplaines street station because
he drew his revolver and threatened
to shoot the conductor on a Madison
street cable car who tried to collect
his fare. There was a panic among the
passengers when the revolver was
flashed, and all made a rush to get
off. A policeman was called and the
man readily gave up. He is believed
to be mentally unbalanced."Treasures of Flowers Rare

KID O'BRIEN DEAD.

Fighter's Skull is Fractured in Bout With Carroll at Detroit.

Detroit, Mich., Nov. 8.—Kid O'Brien, whose real name is Michael Goldman, died at 3:30 o'clock this morning as a result of injuries received in a bout with Bernard Carroll, fought before the Cadillac Athletic Club of this city last night. O'Brien, who comes from Bay City, was knocked out in the seventh round. His death may have the effect of bringing about an anti-boxing ordinance here. The punch that floored O'Brien was a terrific right-hand swing on the point of the jaw, which sent O'Brien sprawling to the floor with sufficient force to fracture his skull. Referee Fred Striker counted him out and he was lifted from the ring and placed in a chair, where his seconds did everything to revive him. In the dressing room he was examined by doctors, and then taken to St. Mary's hospital. Lieut. Boebenz had Carroll taken to the Central station, and then he stopped the rest of the contests after the ten-round bout between Andy Ward of Sarnia and "Scotty" Cross of Detroit. Ward was given the decision. George Twohey, Carroll's backer and second, will probably be arrested today.

To the North Pole.

New Haven, Conn., Nov. 8.—Professor William H. Brewer, head of the department of agriculture of Yale, has been selected as the leading assistant of Evelyn P. Baldwin of New York City, who will have charge of the arctic expedition to be fitted out by William Ziegler, the Brooklyn merchant prince. Mr. Baldwin has arrived here to confer with Professor Brewer relative to the expedition, which may be largely recruited here. Professor Brewer had charge of the expedition to Alaska of the New York millionaire, Horiman, a year ago, and is therefore especially equipped to direct Mr. Baldwin's party.

Bryan No Candidate.

Lincoln, Neb., Nov. 8.—William J. Bryan is not and will not be a candidate for United States senator from Nebraska. With both sides claiming a majority on joint ballot in the next legislature, and with the chances in favor of the fusionists, the thing causing the most general conjecture in view of Mr. Bryan's defeat is settled. Mr. Bryan has made no public announcement of his intentions concerning the senatorial matter, but his word is out and will be undoubtedly kept.

To Take Police Out of Politics.

New York, Nov. 8.—Senator Thomas C. Platt announced positively that a state constabulary bill, taking the control of the police out of the hands of the local authorities in cities of the first and second classes, would be introduced and passed as soon as possible after the incoming legislature has met. He declared that the police of Greater New York had been used to coerce and intimidate voters. The enactment of the bill means the retirement of Chief of Police Devery.

McKisson and Wife Sook Divorce.

Cleveland, Ohio, Nov. 8.—A great surprise has been caused here by a petition filed by Mrs. Robert E. McKisson against her husband, former Mayor McKisson, for divorce. The ex-mayor has filed a counter petition and it was heard in Elvria. A decree will be entered by Judge Kohler soon. Both petitioners charge neglect of duty. It is announced that the former mayor will marry a West Side lady as soon as his present matrimonial bonds are severed.

Railroad Buys a Whole Town.

Peoria, Ill., Nov. 8.—In order that the Chicago and Northwestern railroad may enter this city from Sterling (Ill.), it will wipe the village of Pottstown, a mining community near here off the map of Peoria county. The railroad has purchased the entire town, and will move every house in it with the exception of five. The site occupied by the town will be used by the railroad for yards.

Wreck Near Pipestone, Minn.

Pipestone, Minn., Nov. 8.—The Great Northern southbound passenger train was wrecked near here by the spreading of the rails. One woman, name unknown, was fatally injured and several passengers were seriously hurt. Five coaches were badly wrecked.

Big Fire in Albany.

Albany, N. Y., Nov. 8.—Fire broke out tonight at Kreischer's large candy factory and communicated to the Press-Knickerbocker building. Both buildings were destroyed. At this hour it is estimated that the loss will probably be half a million dollars.

Victim of Robbery Dead.

Richmond, Ind., Nov. 8.—The brutal assault and robbery of John Houck, a well-to-do citizen of Centerville, a week ago, has now become murder, Houck having died from the effect of his injuries.

Two Gamblers Fight; Both Dead.
Lexington, Ky., Nov. 8.—Grant Reiner and J. Ralph Griffith, gamblers, between whom ill feeling had existed for a long time, met in a saloon at Middlesboro. Each at once drew his pistol and the duel lasted until both men fell dead.

U. P. Receivership Closed.

St. Paul, Minn., Nov. 8.—Walter H. Sanborn, United States circuit judge, made an order to-day approving the final report of the successive receivers of the Union Pacific railway and finally discharging them. The receivership began Oct. 13, 1893. The receivers handled without loss \$106,000,000. The claim of the United States on the Union Pacific proper of \$58,000,000 principal and accrued interest was paid in full and unsecured creditors were paid about 40 per cent of their claims.

Die of Plague in California.

Austin, Tex., Nov. 8.—State Health Officer W. F. Blunt has officially announced that his inspectors at San Francisco, Cal., have advised him that there have been several cases of bubonic plague in that city since the last published reports. He says that deaths from the plague occurred in San Francisco on Oct. 5, 10 and 14; that a white woman died there on Nov. 5 from the disease, and that on Nov. 2 there were two fatal cases—a Chinese woman and her children.

Kruger's Visit to France.

Paris, Nov. 7.—Ex-President Kruger will arrive at Marseilles Nov. 17. A reception committee of the local Boer society will go to meet him. Mr. Kruger will make brief stops at Avignon, Lyons and Dijon, where receptions will be given him.

He will arrive in Paris on the morning of Nov. 19.

All public and private charitable institutions in the state will send delegates to the meeting, and addresses are to be made by President Draper, Judge Tuthill, Jane Addams and other prominent reformers.

Student Imprisoned for Dueling.

St. Petersburg, Nov. 7.—A student at the University of Dorpat has been sentenced to imprisonment for a term of two years for having killed a fellow-student in a duel a year ago. The government has virtually broken up the German dueling association at the university.

Killed by Fall of a Rock.

Wilkesbarre, Pa., Nov. 8.—James John was killed and Patrick Garrahan was severely injured by a fall of rock in the No. 14 tunnel of the Pennsylvania Coal company at Port Blanchard. This is the ninth fatal accident in the district since the strike ended.

Lost Life in Coal Mine.

Centralia, Ill., Nov. 8.—Nick F. Loyer, thirty-five years old, a coal miner, lost his way in the Pittenger and Davis mine and did not get out. Overcome by bad air, he was found unconscious and died soon after.

Accident Ends Fight.

Hartford, Conn., Nov. 8.—Martin Flaherty and Oscar Gardner, at 1:25 o'clock this morning, entered upon a 20-round fight before the Crescent Athletic club. Forty-five minutes later both went through the ropes together. Gardner's left leg was twisted, and as he was unable to get up and the fall was an accident, John Willis of Hartford, the referee, gave no decision.

ROCK COUNTY VOTE IS SLOW COMING IN

THE COMPLETE FIGURES ARE
NOT YET TO BE HAD.

Estimates Given Are, However, Reasonably Correct—There Was Very Little Splitting, and the Republican Majorities Will Run Very Near 4,000 from Top to Bottom.

Additional returns from Rock County bear out the estimates given in last night's issue. When the official returns are finally handed in it will be seen that the estimates are much below the real figures. Reports from some parts of the county are hard to get and an absolutely correct report of the vote for each candidate cannot be given until they are canvassed. While the figures given may not be exactly correct in some cases they will be found to be but very little out of the way.

The reports from the different townships show that there was but very little splitting of tickets, each party voted solidly for their candidates and the same vote that was given (the head of the ticket was followed on down the line).

In every case where the candidates were up for re-election he carried every precinct with as large a majority as the last time he was a candidate.

A report from the city of Fort Atkinson gives the vote on Whitehead and Buchanan with Whitehead 477, and Buchanan 290. It is believed that Caswell is beaten in that district for the assembly but that Whitehead will have a small majority.

Very little interest seems to have been taken in the vote for the soldiers' monument. In a great many of the towns no record was kept, or at least very few people voted for it and in many instances the space on the bottom of the ballot for voting on this question was not noticed. In order to get an opinion on the subject the place given it on the ticket should have been more prominent.

The question of a township school in the town of Center was voted on at this time and was lost by thirteen votes.

The democrats are willing to acknowledge that they have met with a defeat that is complete in very detail and that it will be a long time before the party can recover from its effects.

The 5 to 1 syndicates around town are keeping very quiet about election. At no time during the campaign was 5 to 1 a good bet. The man that put up his money on any such proposition knew that it was lost when he put it into the stake holder's hands. The boys will have to get something besides a presidential election to win money on the democratic ticket.

Outside of the few that are always known to be true democrats and always support the ticket it is hard to find a man that will admit that he did not vote the republican ticket. Numerous corrections have been made in the table given in this issue. They are not now absolutely correct and it will be impossible to get at the correct figures until the official returns are made.

EPWORTH LEAGUE ENTERTAINS TONIGHT

Banquet in the Church Parlors With
Literary and Musical Program—
Arrangements Are Elaborate.

The Epworth League of the Court Street M. E. church will hold a banquet in the church parlors this evening at 6:30 o'clock. The banquet will be quite elaborate and arrangements have been made to accommodate about 125 guests. Toasts will be responded to by several of the members.

An interesting musical and literary program has been prepared for the evening which includes vocal solos by Prof. Dudley, Don Roberts and Miss Angell, a trombone solo by Chester Parish and a piano solo by Roy Carter. The parlors have been handsomely decorated with hawthorn, ferns and umbrella plants. Beside the members of the society invitations have been issued to representatives of the local union. Those having the banquet in charge are Miss Harriet Logerman, Mesdames W. W. Emmons, G. E. Nassett and J. L. Hay. The tables will be served by a number of young ladies under the supervision of Mrs. F. F. Carle and Mrs. Brunell.

GERMANS WANT CONCESSION

German War Vessel Sounding Near Honan and Fati.

BOXERS ARE SHOT IN PEKIN.

Victims Must Dig a Hole and Kneel Beside it so as to Fall Directly into it When Shot—A Chinese City Captured.

Hongkong, Nov. 8.—The presence of eleven gunboats at Canton causes continued speculation. The action of a German vessel reported to be sounding in the vicinity of Honan and Fati has caused a rumor that the Germans intend to obtain a concession, owing to the increasing trade and crowded conditions of Shamen.

Shanghai, Nov. 8.—The allies have asked Li Hung Chang to get an edict from the Emperor ordering the execution of Ting Yung, the treasurer of Chihli Province, for murdering missionaries. The allies are going to execute Ting Yung anyway, but are curious to see if the emperor will approve of the sentence.

Berlin, Nov. 8.—Letters from German soldiers in China continue to find their way into the press. The Hanover Courier, national liberal, prints a letter from Pekin describing the operations of the battalion to which the writer belongs, and mentioning a case where from 300 to 400 Chinese were "partly killed and partly executed later by shooting." The writer adds:

"All 'Boxers' who are caught in Pekin are shot. Each one must dig a hole and kneel behind it, so as to fall directly into it when shot."

"The city of Liang Chang-Chung was captured yesterday. Our company halted before one of the gates, and the Chinese, who were driven from the other side through the gate, perished upon our bayonets. It was horrible. We have men in the company who have already shot ten Chinamen."

Big Catches by Whalers. San Francisco, Nov. 8.—The whalers California, Andrew Hicks, and Alexander have reached this port, the two former from Okhotsk sea and the Alexander from the Arctic. Capt. Smith of the California reports a catch of 50 sperm and eight right whales, producing 1,680 barrels of oil, valued at over \$21,000. The 3,000 pounds of bone furnished by the right whales is worth \$15,000. Capt. Shorey of the Andrew Hicks reports a catch of 8,000 pounds of bone, worth in the neighborhood of \$40,000 and 480 barrels of oil, valued at nearly \$6,000. One bow-head whale produced 1,200 pounds. The catch of the Alexander, which was satisfactory to the owners, has already been reported.

Brings Part of Cargo Back. Seattle, Wash., Nov. 8.—The Norwegian steamship Kjarven, Capt. Kanitz, plying as a United States transport between Seattle and Nome, has arrived from the latter port. Owing to the gales which swept Bering sea from Oct. 20 to Oct. 23, the Kjarven was unable to discharge more than two-thirds of her cargo. She returned with 700 tons of coal and a boiler shipped north to be placed in the government river steamer Jeff Davis, formerly known as the Duchesnay. It was found practically impossible to discharge the huge piece of machinery. During her effort to get the coal ashore at Nome the Kjarven lost two scows.

Steamer Samoa May be Lost. San Francisco, Nov. 8.—No word has been received here from the British steamer Samoa, which sailed from this port for Taku on Sept. 26. The Samoa is under charter to the German government and has on board 800 horses for the troops in China. Two days after leaving here she returned to port having had trouble with her machinery, and shipped a new crew for the engine-room. Three other German transports which left here some time after the Samoa have already reached China.

Checker Champions Draw. Boston, Nov. 7.—The last game of the international checker tournament was played here and resulted in another draw. Barker and Jordan have won two games each and have drawn 36 games. Jordan is still champion, as Barker relinquished his claim to the title in order to get Jordan over here. Barker is the only man whom Jordan has been unable to defeat.

Franco-Prussian Hero Dying. Berlin, Nov. 8.—Field Marshal General Count von Blumenthal, who was born in 1810, and who has had a distinguished career as a soldier, particularly in the Franco-Prussian war, where he took a prominent part in the siege of Paris, is seriously ill.

Race War in Washington, Pa. Washington, Pa., Nov. 8.—The greatest excitement prevails here and a serious race war is feared. Four members of Company H, Tenth regiment—Claude Duffy, George Barr, David Currin and Charles Rodgers—were attacked in Main street by negroes and all badly injured. Company H had a meeting in the armory and decided to patrol the town. The militiamen are out in the streets now in squads. Both whites and blacks are in force and the citizens are in a dangerous mood. Reports of assaults on whites are coming in hourly. In Washington borough there are about 3,000 negroes and the outbreak has been instigated by the southern negroes recently brought here by contracting firms.

Brigand Defies Army. Rome, Nov. 8.—Military operations against the master brigand and murderer, Mussolino, have assumed the dimensions of a campaign. Mussolino is hiding in a cave of Mount Aspromonte, under a great rock which is only accessible to an eagle. A detachment of 650 troops formed a cordon around the mountain, but the artillery was unable to send shells into the brigand's shelter. It has been decided to dynamite the rock and displace a mass of 10,000 cubic meters.

A Cross Clerk

Is a rarity. For the most part the young woman behind the counter is smiling and obliging, though her back hurts, her side pains, or her head throbs distractingly. The wonder is, not that a clerk is sometimes irritable, but that she so rarely shows irritation, when every nerve is quivering and she hardly knows how to hold her head up.

The nervous condition, headache and weakness, which are the results of irregularity or a diseased condition of the womanly organs, can be entirely cured by the use of Dr. Pierce's Favorite Prescription. It regulates the functions, stops enfeebling drains, strengthens the nervous system and promotes the general health of the entire body.

Sick women are invited to consult Dr. Pierce by letter, free of charge. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Having used Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' during the past year," writes Mrs. Mattie Long, of Pitts Valley, Perry Co., Pa., "I can truthfully recommend the medicines for all female weaknesses. I have used several bottles of 'Favorite Prescription,' which I consider a great blessing for weak women. I was so nervous and discouraged that I hardly knew what to do. Your kind advice for home-treatment helped me wonderfully. Thanks to Dr. Pierce."

Doctors and Midwives Recommend "Mother's Friend" because it is used externally in cases of the delicate situation of expectant mothers. It is a constant relief, robbing childbirth of its terrors. Internal remedies are dangerous. "Mother's Friend" is a blessing in a bottle. There is nothing like it.

"The mother of three children, who suffered greatly in the birth of each, obtained a bottle of 'Mother's Friend' at my drug store before her fourth confinement, and was relieved quickly. All mothers who have used it agree their labor was shorter."

In the United States, now enjoying food cooked in the MAJESTIC, affirm that the half has not been said in its praise. The manufacturers of this range pledge themselves that all parts of the MAJESTIC, except the fire-box, are made of steel and malleable iron, and purchasers are assured that it is as good and as honest as skilled labor and money can produce. If the parts now in malleable iron were (as in other so-called steel ranges) made of cast iron, the price could be greatly reduced; but the MAJESTIC is not made with a view to furnishing extra parts for repairs.

The cost of the stove isn't all there is of shrewd stove buying. The main point is the expense of running it. Many stoves look well and are sold at a reasonable price that in the end are very expensive. They don't give the heat. They use over much fuel. Half the heat goes up the chimney, making the half you get cost twice as much as it should. In our Acorn Base Burner every bit of fuel is utilized in making heat that isn't wasted. It is handsome in appearance and not high in price.

AIMED TO STAMP OUT DEMAGOGY

The Great Majority Secured by McKin- ley was a Rebuke by the American People.

Cleveland, O., Nov. 8.—Senator M. A. Hanna has given out the following statement on the result of yesterday's election:

"The result is more than satisfactory. It expresses a continued confidence in the administration of the party, which is certainly gratifying to all republicans and friends of the administration. It assures the continuance of present prosperous conditions. It is a triumph of the principles of good government over the heresies of Bryanism, which the combination of elements of irresponsibility, instability and incompetency. It strengthens the very foundation of the government. It is a rebuke to the demagoguery of the campaign of the opposition, and a clear cool diagnosis of a situation which was for a time clouded by methods of evasion and misrepresentation. Above all it gives to every American absolute confidence in the good judgment of the people and their readiness and ability to protect their own interests by deciding aright those great questions which of necessity come up in a government by the people."

LAURIER WON BY A LARGE MAJORITY

Sir Charles Tupper, Leader of the Con- servative Cabinet, Loses in Canada Election.

Montreal, Nov. 8.—The Laurier government has been sustained by a big majority in the general election held in Canada yesterday. The latest returns give the government a majority of about fifty.

Hugh John MacDonald, who led the conservative party with Tupper, was defeated by Mr. Sifton in Brandon. Mr. Foster, another leader of the conserva- tives, has been defeated by Mr. Blair. Mr. Bergeron, the French conservative leader, has been defeated, and other leaders of the party have been snowed under.

APPROPRIATE APPAREL

For Men For Winter.

That fashion, now sanc- tions ready-to-wear gar- ments for all society events and for business wear, is a source of great satisfaction to many Janesville men, and a testimonial for the merits of modern methods of making men's clothing.

Now-a-days, as we do it, ready-to-wear garments mean but this: We have an- ticipated your measurement. Every desirable effect at- tained by custom tailors is put into the garment before we take your measure. You select the pattern, the style and other points desired.

There is a saving of time—VERY IMPORT- ANT frequently. There is no anxious fear that at the last moment, when you need the garment, you will find it not completed or unsatisfactory. Besides this there is the price saving—always an important point.

On the whole, the advantage seems to be on the side of the ready-to-wear garment.
